## Instructions

### CHARGING THE UNIT

The unit comes with a minimal battery charge when purchased. To completely charge, gently connect the small end of the Charging Cord into the *Line-In* port. Be sure to carefully insert, as not to damage the port. Connect the USB end to your device, computer or USB wall adapter. The Indicator glows red while charging. When the red light turns off, your Pet Tunes is fully charged. A full charge normally takes two hours. Once disconnected from power, the unit will continuously play Pet Acoustics Music up to 8 hours. To play 24/7, leave connected to a USB wall adapter. If the unit starts to skip, it needs to be charged.

### PAIRING VIA BLUETOOTH®

Press the center button in the rear of the unit until you hear a series of tones, indicating your Pet Tunes is now in *Pairing Mode*. The blue light will flash quickly during pairing. Go to the Bluetooth® settings on your device, select *BLUETOOTH Pet Tunes* or *MD6BT* and follow your devices instructions. You will hear the same tones when it is connected. If your device asks for a PIN, enter 0000.

## For Best Results

If you've charged Pet Tunes and the *music is not playing*, find the Micro SD card slot at the top of the unit. Push down with a finger to pop out the card. Gently push the Micro SD card back into the unit. Turn the unit OFF then ON to start the music.

Place the Pet Tunes unit about 4 feet (122 cm) above the floor or use the lanyard strap to hang the unit on a crate, cage or stall. Keep Pet Tunes off the ground where dust, water or food may come in contact. Clean unit with a soft cloth.

**Janet Marlow**  
SOUND BEHAVIORIST  
& CEO

Janet Marlow is recognized internationally for her contribution to the understanding of animal hearing and how sound effects pet behavior through her breakthrough research of species-specific music. She has been featured on Animal Planet, CNN, *Good Morning America*, in *The New York Times* and *Entrepreneur*. Janet is also well known for her stage career and recordings on the ten-string guitar (classical and jazz). Venues include Lincoln Center, The Apollo, Carnegie Hall and the Blue Note.

### DISCLAIMER AND WAIVER OF LIABILITY

In no event shall Pet Acoustics Inc. be liable for any direct, indirect, punitive, incidental, special, or consequential damages whatsoever arising out of or connected with the use or misuse of any Pet Tunes purchased herein. You agree and acknowledge that any product purchased should be used at your own risk and you should assess the risks individual to your pet before purchasing any product or using any product with or on your pet. You agree that in the event that Pet Acoustics Inc. is deemed liable for any harm caused, the amount which it shall be liable to you shall be limited to the cost of the product. In no event should you leave any children unattended in the presence of this product as it may present a choking hazard.

### 1-YEAR LIMITED WARRANTY

Length of coverage is one (1) year from the date of purchase by the first consumer purchaser of the product. Warranty does not apply to abuse or misuse, including defects or damage that result from improper operation, storage, misuse or abuse, accident or neglect, including but not limited to physical damage (cracks, scratches, etc) to the surface of the product; contact with liquid, water, rain, extreme humidity or heavy perspiration, sand, dirt or the like, extreme heat, or food; use of the Products for commercial purposes or subjecting the Products to abnormal usage or conditions; or other acts which are not the fault or negligence of Pet Acoustics, Inc. Contact the place of purchase for issues and returns.
